Introduction

This Accessibility Plan outlines the policies and actions that KingSett Capital Inc. (“KingSett”) has put in place to prevent and remove barriers for persons with disabilities, and to meet the requirements Ontario’s *Accessibility for Ontarians with Disabilities Act (AODA)*.

Statement of Commitment

KingSett is committed to maintaining workplaces characterized by professionalism and respect for the dignity of all individuals. Every employee is expected to respect the diversity of other employees, investors, third parties and other stakeholders with whom they interact. We are committed to meeting the accessibility needs of persons with disabilities in a timely manner, and will do so by preventing and removing barriers to accessibility by meeting accessibility requirements under the AODA. KingSett has incorporated accessibility into existing and new policies and will review its accessibility policies on an ongoing basis.

Accessible Emergency Information

KingSett will provide employees with disabilities with individualized emergency response information when necessary. The Company is also committed to providing our clients and stakeholders with publicly available emergency information in an accessible way, as applicable and upon request.

Training

KingSett has provided training to all Ontario employees on Ontario’s accessibility laws and requirements. As soon as practicable, newly hired employees will be provided with the training required in order to comply with the AODA Customer Service Standard.

The Company will maintain records of all training, including the dates the training was provided and the individuals who received the training.

Support for Persons with Disabilities

KingSett recognizes the principles of independence, dignity, integration and quality of opportunity, and the importance of openly communicating and responding to disabled clients’ needs in order to provide them with excellent service. We will make every effort to provide accessibility and accommodation in ways that take into account the person’s disability and accessibility needs. For example, the Company will:

- accommodate an individual’s assistive devices that help them perform everyday tasks;
- welcome service animals on our premises that are open to the public and other third parties to the extent permitted by law;
- welcome support persons who accompany a person with a disability.
